Miss Stephanie Huntziger
S. Fischer Verlag
Frankfurt-am-Main, Germany

Dear Miss Huntziger,

I have just learned from our mutual friend Sidney Kaufman of the breakdown in communications which kept us from knowing of your interest in my book WHITEWASH: THE REPORT ON THE WARREN REPORT. Of course, I am happy to know this and am anxiously looking forward to hearing from you or the company about it.

Please, therefore, disregard my Saturday's inquiry about the availability of the copy you have should I have wanted it sent elsewhere in Europe. It was not, in any event Germany, for I had approached no other German publisher. It is not commited and it is available.

Should you or Fischer want to know more about the book or me than Sidney told you, I will be happy to answer any questions or provide any information.

Sincerely yours,

Harold Weisberg
